

SUPPLEMENTAL TYPE CERTIFICATE

10065656

This Certificate/Approval is issued by EASA, acting in accordance with Regulation (EC) No. 216/2008 on behalf of the European Community, its Member States and of the European third countries that participate in the activities of EASA under Article 66 of that Regulation and in accordance with Commission Regulation (EU) No. 748/2012 to

ELECTRONICS INTERNATIONAL, Inc.

63296 POWELL BUTTE HIGHWAY
BEND OR 97701
USA

and certifies that the change in the type design for the product listed below with the limitations and conditions specified meets the applicable Type Certification Basis and, if applicable, environmental protection requirements when operated within the conditions and limitations specified below:

Type Certificate Number: See FAA Approved Model List
(AML) SA02283SE,
dated 27 August 2013.

Type Certificate Holder: See FAA AML

Type: See FAA AML

Model: See FAA AML

Original STC Number: FAA STC SA02283SE

Description of Design Change:

Installation of Electronics International Inc. Glass Panel Engine Monitor (with Flight Data) CGR-30P

EASA Certification Basis:

The Certification Basis (CB) for the original product remains applicable to this certificate/ approval. The requirements for environmental protection and the associated certified noise and/ or emissions levels of the original product are unchanged and remain applicable to this certificate/ approval.

Associated Technical Documentation:

1. Installation Instructions, Document No. II 02151301, Revision B, dated 21 June 2013, or later FAA approved

See Continuation Sheet(s)

For the European Aviation Safety Agency

Cologne, Germany, 29 May 2018
